 - **Masks of Service** is another vendor who is located in Waxahachie has a quick turn-around and is happy to help you. Dallas Arts District went with the other vendor because they were willing to negotiate an individual discount:
 - Ben Davis, with Masks of Service, is the company in Waxahachie. He was great too but didn't have the capability to provide everything for our orgs, so they didn't go with him. However, if they need basics, masks, and hand sanitizer, he's a great deal and FAST. Email address is <http://service@masksofservice.com>
 - *Masks of Service 3-ply mask prices were reduced to \$.80 on the site, but we have setup a discount code **arts40** for you and other arts district members to receive 40% off all 3-ply masks. This gives you a final price of \$.48/mask.*
 - *Masks of Service does have sanitizing dispensers and stands if you are still looking for them. The pricing is \$239/each for quantities of 20+ for the stand/dispenser combo.* Feel free to visit <http://masksofservice.com>
